ADAPT and Attack. Born from revolutionary ideas and innovative concepts the new PUMA PROADAPT 2.0 is designed to meet the needs of the world's best golfers. The introduction of ADAPT Foam in the heel provides a lightweight solution for stable cushioning that gives unrivaled ground feel and energy return. The Topline Chasses sit atop the ADAPT Foam and wrap around the heel providing the extra stability and torsional rigidity needed for the swing.

The outsole features Dual Density Tornado cleats with 4 PWRADAPT PODs in the heel allowing each cleat to interact with the ADAPT Foam independently. The upper features an ADAPTIVE FIT SYSTEM that utilizes a MOLDED COMFORT COLLAR on the inner, and premium ATLANTIS LEATHER on the outer bootie. While the ADAPT-WRAP Tongue wraps from the medial side over the instep of the foot providing a secure fit that can adapt to fit any foot shape. With premium performance details combined with an elevated design aesthetic the PROADAPT 2.0 will give you the confidence to attack with every swing, in any lie.

- » **ADAPT Foam** - PUMA Golf's new, proprietary foam provides stable cushioning, utilizing a mixture of the highest-grade EVA Cushioning mixed with Styrene-an impact-resistant foam to provide excellent dimensional stability.
